Program to Program Articulation Agreement
Between
Community College of Allegheny County
And
La Roche College

This agreement made between Community College of Allegheny County
(hereinafter "CCAC"), located at 800 Allegheny Avenue, Pittsburgh, Pennsylvania and
La Roche College is effective as of date of final signature.

Under the provisions of this agreement, La Roche College will grant CCAC graduates
who have completed an Associate's degree in a program listed on the chart attached at
CCAC since May 2013, transfer credit hours toward the equivalent Bachelor's degree
program (provided students received a minimum grade of C in transferable course work
with a cumulative GPA of 2.0 on a 4.0 scale). The specific CCAC courses eligible for
such transfer credit are outlined in the charts attached to this document. These credits
will apply toward graduation requirements in the corresponding Bachelor's degree
program.

1. Students will be awarded a waiver of La Roche College's Academic Core Required
   Courses. Students are still required to complete 120 credits for graduation, therefore
   additional coursework will be completed as General Elective Credits. Required
   courses are outlined in the equivalency chart.

2. Transfer candidates who present at least 60 hours of transferable academic work will
   be granted junior class status in the Bachelor of Science.

3. La Roche College acknowledges that some credits earned towards the Associate
   Degree at CCAC may have been awarded as Advanced Standing credit as a result of
   transfer or prior learning assessment, to include standardized examinations, military
   coursework, or portfolio credit. This agreement maintains that the Associate Degree
   will be honored in its entirety. These credits will be transferred into La Roche College
   as General Elective credits.

4. La Roche College will offer CCAC graduates merit scholarships from $6,000 -
   $14,000 per year. Members of Phi Theta Kappa will be awarded the maximum
   scholarship amount. Students will continue to receive this scholarship during the
   course of their time at La Roche College provided that a minimum of 2.5 GPA on a
   4.0 GPA scale is met.

5. Transfer candidates must complete their last 30 semester credits through La Roche College in order to receive the Bachelor's degree, regardless of their class status upon matriculation at La Roche College.

6. La Roche College and CCAC will monitor the academic performance of students enrolling under this agreement, identify concerns, and work cooperatively to ensure ease of transfer for students participating in the program. Both institutions will notify each other in a timely fashion concerning any curriculum or program changes.

7. La Roche College and CCAC agree to publicize this agreement among students, faculty, counseling staff, and administration.

8. This agreement remains in effect until either party terminates it with courteous notice to the other.
